## It's Official, Children Enter Stratton Monday

A total of 482 youngsters, a subject of contention for some including 121 of kindergarten months now. Originally a total age will begin classes at the of \$850,000 was appropriated new Stratton school building, for its construction and later Monday morning at 8:45 a.m. an additional amount was re-

Dr. Bert Roens, Supt. of the district. The total cost of the Arlington schools told this building was set at a tentative paper that there is every indication that the youngsters will begin classes Monday with no interruptions as far as classroom work is concerned.

The children will not have to move anything from their present classrooms at the Cutter, Peirce or Bishop schools. Classes will close Friday at 2 p.m. and the youngsters will walk out of one school and into their new building Monday a.m.

All furniture is presently in the new building and teachers are currently working afternoons and will probably continue on Saturday to put the finishing touches on the classrooms.

Parents have been informed of the long-awaited change and the School Department has requested the police department to place traffic supervisors at the intersection of Overlook rd. and Washington st., and Overlook rd. and Mountain ave. The Stratton building has been

Four residents of Arlington filed papers for school committee at the zero hour Monday night to swell the number of candidates at this point to nine.

Meanwhile six have filed in the battle for Selectmen; one for Town Moderator and two for Assessor.

All papers must be in the hands of the Town Clerk by Monday at 5 p.m.

Withdrawals, if any, must be made next Tuesday by 5 p.m. The big surprise came just prior to the 5 p.m. deadline Monday night when papers were filed by David M. Parrella, 22 Mystic Valley parkway; William R. Burke, 80 Brantwood rd. and Thomas J. Galvin, Jr., 201 Appleton st.

Previously Leonard "Skip" Clark, 256 Mountain ave., had filed.

Other papers had been filed and certified for the School Committee contest by incumbents John Morine, James Daily and Velma Brown, and candidates Edward McCann and James Barry.

Meanwhile, a newcomer, Carl A. Bergstrom, 311 Appleton st., joined five other candidates in the Selectmen's race.

Others who have already filed include John Bullock, Tom Rawson, Charles Kent, Christopher Cammarata, and William Barnstead.

Lawrence Corcoran is running unopposed for re-election for the Town Moderator's seat, as he was the only candidate to file, while Robert Walsh and incumbent Walter Cooledge Jr., were the lone candidates to file in the battle for Assessor.

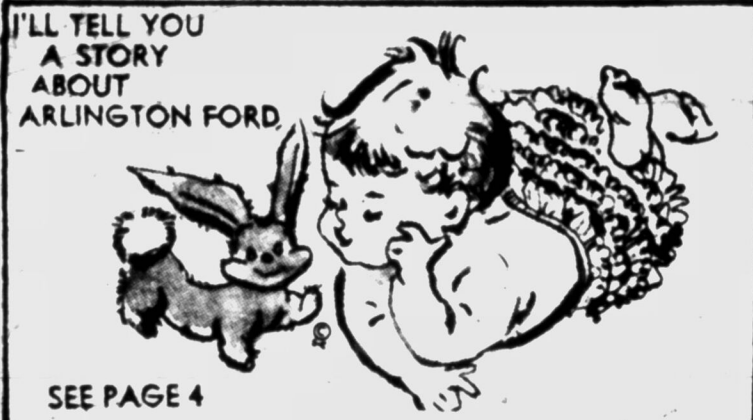

### Mistake Contest

Find the mistake in this week's advertising, and win a dollar. Dollar bills will be awarded to the first ten persons who call the News office at either MI 8-1387 or MI 8-4829, Thursday after 9:15 a.m. The mistake in advertising last week was in the spelling of the word innerspring in the H. Cherney and Sons ad.

### 142 File Papers

A total of 142 candidates have filed papers for Town Meeting members in Arlington's 14 precincts. Vacancies exist for 94 members.

## Says Revolution Sweeping World

"Revolution is sweeping the world and is based on rising expectations. Asia and Africa see what the United States has they want it too", said Mr. Robert R. Brunn, American News editor of the Christian Science Monitor, at the Women's Club meeting Jan. 25.

"Do not think Communism is always winning, they are having much trouble in both China and Russia. They win with armies and guns, we win by free ideas. Our foreign policy is made by the citizens of every town, city, and the way you live democracy here in Arlington. The United States must basis of foreign policy. You can help by sending your best people to Washington".

Marcia Gott told of her experiences at Girls' State 1961 at Bridgewater State College, John Negeban and John Howell reported on their week at Boys' State 1961 at Amherst.

The young people are recommended by the faculty of the High School. The American Legion sponsors a citizenship by living program. The purpose is to teach how government functions by having the young people, participate actively in the program. Each one agreed they would be better individuals and better citizens because of their experiences.

Guests were the League of Women Voters and the American Legion Auxiliary.

## Cotter's Hat Trick Drops Locals To Third

Newton high school avenged its only defeat of the season and knocked Arlington into third place in the G.B.L. hockey race with a 4-1 win at the Boston Arena, Saturday afternoon.

The loss gave the locals 12 points, compared to 13 for second-place Cambridge Latin and 18 for the league leaders.

Both Arlington and Latin have a "game-in-hand" on Newton.

For over a period and a half the locals held a 1-0 edge.

Allan Kierstead tallied unassisted at the seven minute mark of the first period for

the first and only Arlington marker of the game.

Bill cotter scored the first of his three goals at 8:18 of the second period to tie the score, Colpitts picked up an assist on the score.

Newton's winning goal came as the result of a scramble in front of the Arlington Cage.

Mike Ryan of Newton fired the disc toward the Arlington goal, the puck caromed off an Arlington player toward the cage.

Two other Arlington players attempted to stop the rolling puck, but as they did

they slid into goalie Allosso, forcing the disc into the net.

Cotter salted the contest away for the leaders with two three period markers. Chasson and Colpitts assisted on the first and McLaughlin and Ryan on the second.

## Arlington Boy Named In Pleasant Street Church Notes

John A. Howell, 12 Lincoln St., a senior at Arlington High, is one of eleven Massachusetts high school students named to the honors list in this year's Westinghouse Science Talent Search. This selection included him among the top potential young scientists of the country, for the list includes 356 names from all parts of the country, the top ten percent of those competing.

Each boy or girl to be considered had to have carried on some sort of scientific research on his own. Howell's was on "Graphing with Four Dimensions". Research carried on by these young people covered all fields of science--mathematics, chemistry, biology, physics, and others.

From the group chosen for honors, 40 will be selected as finalists, and they will be given an all-expense trip to Washington, where they will compete for scholarships and awards worth nearly \$35,000. The winners of this trip will be announced about February first. The Science Talent Search is conducted annually by the Science Clubs of America through Science Service, and the awards and financing are

supplied by Westinghouse Educational Foundation.

Howell is one of Arlington High's semi-finalists in the National Merit Scholarship competition. He is active in several undergraduate activities, including the new Mathematics Team, and was a speaker last week at the Arlington Women's Club, where he reported on Boys' State.

## Bishop PTA

Members of the Bishop PTA toured the Harvard-Arlington instruction van at their meeting, Jan. 18.

The instruction van, in which 350 Arlington sixth graders are taught elementary French, was stationed at the Bishop School during and after the regular PTA meeting. The parents went into the van, sat at one of the eighteen student positions in the trailer drawn by a truck which generates the necessary power, and put on headpieces and listened to the soundtrack while viewing the film.

The use of this van is a pioneer conception of the administration of the Arlington Public Schools. Science Electronics, Inc. of Cambridge designed and instructed the unit, while the Payne Fund of New York provided the money.

Mr. Donohue, the instructor, travels with the van to each of the Arlington elementary schools twice weekly for a twenty-five minute teaching period. He is accompanied by a driver, furnished by the town. Eighteen pupils are selected from each school.

The story of the van has been written up in the New York Times, the Harvard Alumni, and other publications, according to Dr. Lawrence Anderson, Assistant Superintendent of Schools, and featured speaker of the evening. He also indicated that the School Department has has queries from many foreign countries, including the state of Israel, regarding the imaginative manner in teaching a foreign language.

## Elect Officers

# Letters To The Editor

As a candidate for the office of School Committee, I take this opportunity to present my qualifications and background to the voters of Arlington.

As a lifelong resident of this town, I attended the Arlington Public Schools and was graduated from Boston College in 1956.

While a First Lieutenant in the U. S. Army, I served as treasurer of the Central Post Fund, Fort Devens, Mass., and as an Asst. Instructor at the Military Academy, West Point, New York.

Through my business endeavors I am experienced as a sales engineer in the field of commercial and industrial construction. For the past two years I have been active in the construction and sales of residential property, as president of my own corporation.

I am interested in the office of School Committee for the following reasons:

1. As a businessman with contracting experience, I cannot overlook the glaring deficiencies in the handling of construction contracts on our new school buildings.

2. We have a history of new school buildings which are filled

before they are finished. We are proposing new additions to buildings before the paint is dry on last year's addition to the same building. It is not an easy task to plan the future needs of our school system, but certainly it is not an impossible task. We can do a better job in this area, and we must.

3. As the father of four children I am naturally interested in the education, guidance and development of our young citizens. As a home owner I realize fully the effect which this has upon our tax rate. Decisions must be made which will effect both this educational system and the cost of its support. These are important decisions. Certainly only the most qualified individuals should be present on the school board when such actions are taken.

I would like to digress for a moment to inform the voters of Arlington of the spectacle which I witnessed at the office of the Town Clerk on Monday afternoon.

There was present a well known individual who was instrumental in filling the papers of three citizens for the office of School Committee. The purpose behind this action is

simple. It is an attempt to flood the ballot with many names and thereby confuse the average voter. I consider this action a direct insult to the intelligence and integrity of every voter in the Town of Arlington. Furthermore, I do not believe that our town can afford the luxury of such political maneuvers. Realizing this fact, I trust that we will all look into the qualifications of each candidate and thereby elect those best qualified to serve the Town of Arlington.

Very truly yours,  
Leonard D. Clark

## AN OPEN LETTER TO THE VOTERS AND CITIZENS OF THE TOWN OF ARLINGTON:

I would like to take this opportunity through the media of this newspaper to announce my candidacy for a position on the Arlington School Committee. The main reasons that have motivated me to seek this position are:

1. An interest in my children as well as the communities children. Being a father of two daughters and a son, two of them attending the Arlington Public Schools, I feel I want to insure an education for them that is the best available.

2. I think I can offer my business management experience to the present School Committee. I attended the Arlington Public Schools, the United States Armed Forces Institute, the University of Maryland, and graduated from Burdett College at which I majored in business management. I have had three years of on the job experience, and feel that I am qualified to fill this position.

3. I have served the town of Arlington as a Town Meeting Member from Precinct 14, and resigned last year as a result of buying a home in Precinct 7. I want the citizens of the town of Arlington to know that a sincere effort on my part will be made to see that the present school conditions are not only kept up, but improved.

Sincerely,  
James A. Barry, Jr.

## 6 Pt. Program Presented By John Bullock

John W. Bullock, candidate for the office of Selectman in the March 5th election, announced today the following six point program:

I. To prevent a repetition of the chaos and confusion and has delayed the opening of the Stratton (Pheasant Avenue) School - A PERMANENT BUILDING COMMITTEE should be established to oversee all future municipal construction. This committee should be composed of Arlington citizens having specialized training and experience principally in the fields of Architecture, Engineering and General Construction.

II. To encourage existing town boards, commissions and committees to move in a more progressive direction - the Board of Selectman should endeavor to study the goals of these various town bodies and coordinate their activities as completely as possible.

III. To alleviate the hardships which so many Arlington patrons of the MTA continue to endure at the Harvard Square Terminal during bad weather. I will, as Selectman, organize an effective campaign to meet this problem.

IV. To help our citizens better understand what their Board of Selectman is doing for their benefit - a monthly progress report should be issued to keep our citizens more fully informed.

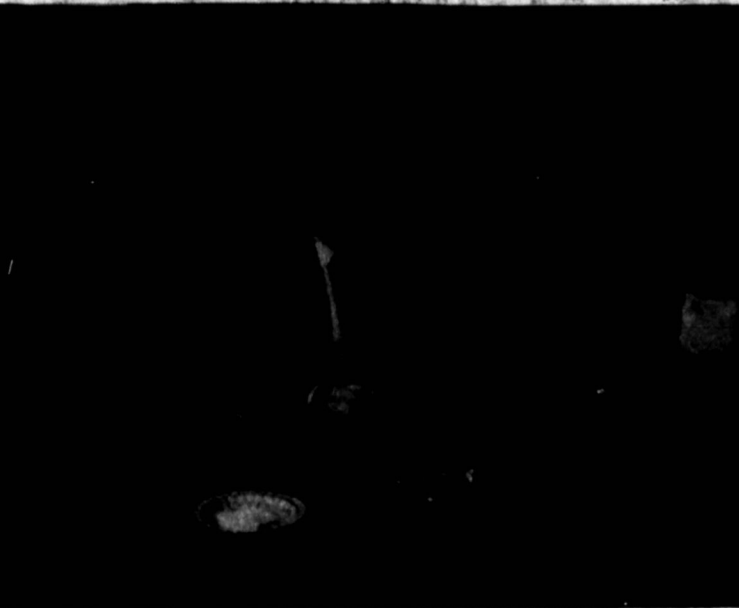

V. To support an effective program of urban renewal to conserve and expand our tax base.

VI. The present system of dumping rubbish and garbage (Sanitary Fill?) at the Summer Street location becomes increasingly unsatisfactory and inadequate. As one of many alternatives - sharing the incinerators of other municipalities such as Somerville or Belmont should be immediately explored as these facilities are operating far below capacity. As the campaign progresses it is my intention to develop the above six points in greater detail.

## Do Or Die

(Dedicated to John Glenn)

When the universe was murky, and its space was dark and void,  
And a gaseous vapor hovered, in a dense and misty cloud;  
There was nothing then in motion, that had rhythm, beat or twirl—  
Till the Finger of Creation, put the elements in whirl.

Then the void went into clusters, into orbs and unit flights;  
Whirling into orbit transit, as major stars and satellites:  
Far in space of spinning vastness, where the stars, the sun and moon—  
Gravitate into their centers, with a pull to life or doom.

When we whirl a capsule skyward, far beyond the speed of sound,  
With an astronaut in travel, where the sonic booms abound;  
Where the luring eyes of Venus, and the warring eyes of Mars—  
Penetrate the Lunar craters, and the myriad brilliant stars:

That were studied since our childhood, and in wonderment observed—  
How Galileo spoke his theory, and Copernicus concurred;  
But the ancients of astrology,--opposed with all their might;  
Till the science of astronomy,--proved the "ROUND" men to be right:

In deductions scientific, and in theorems that are true--  
So we wonder why defiance, was so much resorted to,  
In celestial calculations, that the scientists today--  
Prove to be so very accurate, by the men who work and pray.

How we watch the sky with interest, as we gaze far into space;  
And we listen to the soundwaves, while the astronaut we trace:  
As he whirls the mighty heavens, in his capsule of the sky--  
Daring hard his task to conquer--in his flight to DO OR DIE.

The candidate is married and the father of four children. He has been a town meeting member for many years representing precincts 1, 12, and 14. Mr. Walsh is a licensed real estate broker and is employed by a Boston insurance firm.

In a statement to this paper, the candidate said, "My education, business experience and interests are allied with the duties of this office and I know I can do a conscientious job for the people of Arlington. I believe my community activities over the years are self-evident of my interest in Arlington and its people. My opponent has been in office 15 years and I commend him for his service. It is my opinion however, that service in local government, to be kept civic, must have periodic change. I sincerely believe I have the necessary knowledge of duty, integrity, and willingness to serve and I ask the voters to consider my candidacy for the office of Assessor."

## NEUTRAL OBSERVER

So what now?

The final date for filing papers has come and gone and the developments proved to be very interesting.

The School Committee contest - or rather the candidates in the contest tightened the lid on the pressure cooker in a race which looked to be between three incumbents and strong candidates Barry and McCann.

The last minute filing by four other candidates casts a different light on the entire picture. From the Observer's side of the fence the candidates seeking to unseat Mrs. Brown, Mr. Morine and Dr. Daily will be hurt the most by the late filers.

Leonard "Skip" Clark could cause the most trouble, Clark, as the Observer heard it was in again, out again, in again on this contest over the weekend.

Now, he's definitely in. The other three candidates who filed late Monday, Dave Parralla, William Burke, and Tom Galvin are comparative newcomers to the political field.

Burke had a brief whirl in contests in recent years, but never has been considered a serious contender. Whether or not one or all three stay

in the contest is a question which will be definitely answered next Tuesday night.

The Observer feels that the School Board field will be quite a bit narrower a week hence.

The filing for Selectmen went just about as was figured with the exception of the filing by Carl Bergstrom.

How many votes this newcomer will be able to pull away from Bill Barnstead is open to conjecture, but certainly Barnstead at this point is the high man on the totem pole as far as the R's are concerned.

Chris Cammarata is still to be reckoned with, and certainly no one is working harder than this man at this point--what with planned radio and television engagements coming up.

Meanwhile, three strong candidates, Rawson, Kent, and Bullock will definitely be hurting each other. How much--? Either of these three men could be elected if running alone against Barnstead, but as things now stand, the going will be real rough.

Larry Corcoran, once again has no competition for the Moderator post. Bob Porteus

### Observer

(Continued from Page 4)

decided to call it a day for this year at any rate.

The most clean-cut race of all will be the battle for Assessor between incumbent Walter Coolidge, a proven vote-getter of high standing, and up and coming Bob Walsh. It's too bad all the contests couldn't be on a man-to-man basis as this one is.

Two fine candidates.

Can Walsh improve on the fine showing he made previously?

Frank Hurd will be a hard man to beat for Representative come September.

Of interest in coming weeks will be the stand of the Finance Committee on raises for Town Employees. Raises could prove to be a big issue at this next Town Meeting.

And is the tax rate going to be lower than originally anticipated?

he attended Worcester State College and Suffolk Law School. He received a Bachelor of Science degree from Boston University in 1951. As an elected member of the Arlington School Committee, Kent, was appointed to represent this body on the Stratton School Building Committee. In addition, Mr. Kent serves on the Arlington Youth Council.

He is employed as an executive with an international insurance company and is Treasurer of the Bay State Club.

In a statement to the press, Mr. Kent said, "I am pleased by the response I have received in the early stages of my campaign. It is my intention to stress my qualifications and previous experience in local government. I will entrust to the Arlington voters, whom I consider very discerning, to review the qualifications and experience of all other candidates and make their own decision. Certainly, I am aware of the shallow issues being used by others in this contest. However, I refuse to conduct this type of campaign. I am confident that the voters will not be misled by such immature 'politicizing'."

PLANNING BOARD  
TOWN OF ARLINGTON  
MASSACHUSETTS  
Legal Notice

In accordance with the pro-  
visions of the Zoning By-Law a  
public hearing will be held in the  
Hearing Room, Robbins Memo-  
rial Town Hall, Arlington, Mass-  
achusetts, on Friday, February 23, 1962 to consider the  
following change in the said Zoning  
By-Law:

ARTICLE 1. To see if the Town will amend  
its Zoning By-Law as follows:  
1. By striking out the first pa-  
ragraph of Section 15-C entitled  
"Establishment of Districts" and in-  
serting in place thereof the fol-  
lowing new paragraph:

"For the purposes of this by-  
law, the Town of Arlington is  
hereby divided into districts of  
eight classes, to be known as:

1. Residence A Districts
2. Residence B Districts
3. Residence C-1 Districts
4. Residence C-2 Districts
5. Residence D Districts
6. Business A Districts
7. Business B Districts
8. Industrial Districts

2. By adding to Section 6 en-  
titled "Definitions" the following  
three definitions:

"Gross Habitable Floor Area"  
— Is the Gross Floor Area of  
all areas included in the defini-  
tion of Story.

"Parking Space" — Is a paved  
and marked space of at least  
10 feet by 20 feet reserved for regu-  
lar parking use with direct ac-  
cess to a driveway.

"Landscaping and Recreation  
Area" — Is a part or parts of a  
lot developed and permanently  
maintained in grass or other  
plants and trees or appropriately  
designed for outdoor recreational  
use by the occupants of the lot,  
which space is open to the sky  
and is free of obstructions to  
traffic and parking. No part or  
parts of a lot shall be considered  
to satisfy the requirements of this  
definition unless the following  
conditions apply:

- (a) Fifty-five per cent of the area has a grade of less than eight per cent;
- (b) The width of each space shall be at least 40 feet and in no case shall be less than 20 feet.

3. By striking out Section 12  
entitled "Reduction of Lot Area"  
and inserting in place thereof  
the following new Section 12  
entitled "Reduction of Lot Area":

"No lot or part thereof on  
which is located any building  
used for residential purposes in  
any district shall be reduced or  
changed in area or shape or use  
so that the building or lot or part  
of the lot shall be less than the  
provisions of this by-law. This  
section, however, shall not apply  
in the case of a lot a portion of  
which is taken for a public pur-  
pose."

4. By striking out the words  
"Residence C Districts" where  
they appear in the first line of  
the first sentence of Section 15  
entitled "Use Regulations" and  
inserting in place thereof the  
words "Residence C and C-1 Dis-  
tricts" so that that part of said  
sentence, as amended, will read  
as follows: "In Residence C and  
C-1 districts, no new building or  
part thereof shall be constructed  
or used and no existing building  
thereof shall be altered, en-  
larged, reconstructed or used,  
and no land shall be used for  
other than the purposes set forth  
in Section 15A entitled "Build-  
ing Coverage and Court Regu-  
lations" and inserting in place  
thereof the following new para-  
graph 1:

"1. In the Residence C and C-1

Commonwealth of Massachusetts  
No. 35721 Misc. In Equity  
(SEAL) **LAND COURT**  
To Michael Seiker and George  
Krawcenek, now or formerly of  
Arlington, in the County of Mid-  
dsex and said Commonwealth,  
or their heirs, devisees or legal  
representatives:

Whereas a suit in equity has  
been begun against you in our  
Land Court by John A. Gurish  
and Louis A. Gurish, of Billerica,  
in said County of Middlesex,  
Trustees of the County of Mid-  
dsex, COMPLAINING YOU, if you  
intend to make any defense, that  
on the first Monday of March  
next, to-wit: March 12, 1962, you  
return and file this subpoena, or  
within such further time as the  
law allows, you cause your  
written appearance to be entered  
and your written answer or other  
lawful pleading to be filed in the  
office of the recorder of said  
court at Boston in the County  
of Suffolk, and further that you  
defend against said suit accord-  
ing to law, if you intend to make  
any defense, and that you do  
and receive what the court shall  
order, adjudge and decree there-  
in.

Hereof full not, at your peril,  
as otherwise said suit may be  
adjudged, and orders and decrees  
entered therein, in your absence.  
The plaintiffs allege to be the  
owners of the land located at 40-42  
Dudley Street, in said Arlington,  
and there appears in the chain  
of title affecting said property,  
a deed running from Michael  
Seiker to George Krawcenek  
dated May 21, 1922, duly recorded  
in Book 452, Page 134, wherein  
through inadvertence or mistake  
of the grantor, the deed recited  
that the co-ownership was for a  
one-half undivided half interest  
instead of all his right, title and  
interest; that the plaintiffs and  
their predecessors in title have  
been in possession of the land  
described in said Bill since May  
21, 1922, and praying that their  
title be established.

And it appearing to the Court  
upon the suggestion of the plain-  
tiffs that the whereabouts of  
some of the defendants are un-  
known, and they cannot actually  
be served with process, it is  
ORDERED that notice be given  
by publishing a copy of this order  
once each week for three succe-  
ssive weeks in the Arlington  
News, a newspaper published in  
said Arlington, the last publica-  
tion to be one month at least  
before the said first Monday of  
March next.

Witness, JOHN E. FENTON,  
Judge of our said Court, the  
fourth day of January in the  
year of our Lord one thousand  
nine hundred and sixty-two.

# Church Group Encourages Fair Housing

The Arlington Council of Churches and Ministerial Association are cooperating with the Fair Housing Committee of Arlington in a campaign to encourage the signing of Good Neighbor Statements by the members of Arlington churches in February.

The Statement is a declaration of belief in the democratic principle of equal opportunity in housing, and of welcome to minority group families who wish to live in any part of Arlington.

Rev. James V. Daniels, President of the Ministerial Association, indicated that ten churches have announced plans to take part in the Good Neighbor Statement campaign for signatures.

Race Relations Sunday is Feb. 11, Brotherhood Week extends from Sunday, February 18 to February 25. The Ministerial Association has expressed the belief that the period between Race Relations Sunday and the end of Brotherhood Week is the most appropriate time for the campaign. A number of programs relating to fair housing are being planned in Arlington churches for this time.

Aubrey C. Tobey, President of the Council of Churches, emphasized that the success of this campaign is totally dependent on each individual's full and conscientious response.

Member churches of the Arlington Council of Churches which have announced plans to take part in the campaign to date are the First Baptist Church, Dr. Robert E. Slaughter, minister; Park Avenue Congregational Church, Rev. Wilbur Canaday, minister; Pleasant Street Congregational Church, Dr. Stuart Haskins, minister; Calvary Methodist Church, Rev. Robert C. Mezzoff, minister; St. Paul's Lutheran Church, Rev. Emmet E. Eklund, minister; Unitarian Church, Rev. William W. Lewis, minister; Trinity Baptist Church, Rev. Lewis W. Williamson, minister; Arlington Heights Methodist Church, Rev. James Daniels, minister; Universalist Church, Rev. Guy W. Meyer, minister; and St. John's Episcopal Church, Rev. Halsey Andrews, minister.

The 1961 representative of the Fair Housing Committee to the Council of Churches has been George Pettengill.
